

David a Servant Leader II

How does one become a servant leader? Where does the path to good success begin? How does one improve their serve and emerge as a leader? How do you become the best version of you, you can become?

David a servant leader leaves us some marvelous clues.

KJV Acts 13:36 For David, **after he had served his own generation by the will of God**, fell on sleep, and was laid unto his fathers, and saw corruption:

I

David served his **father**.

David had to smite the lion and bear while serving his father.

To smite means to hit, strike and beat over and over again.

There are personal issues that take **continual** warfare until dead.

Consider *1 Samuel 17:34-36*

- The lion is satan. *1 Peter 5:8*
- The bear is the world system.
- The uncircumcised giant is the carnal mind. *Vs 34-37*

David understood **personal** warfare.

- Personal warfare is done under the **covering** of **relationships**.

II

David served the **community**.

Goliath was threatening community safety.

Consider *1 Samuel 17:50-51*

David slew Goliath while serving the community.

David hit, killed and sliced off the head of Goliath in **public** warfare.

Community issues must be hit, **rendered** dead and the life cut off.

This called justice for all, like a Nehemiah action.

- Public warfare is done in the view of everyone.

III

David served **Saul**.

David suspended warfare in a cave. *Vs 4*

Consider *1 Samuel 24:4* and *10*

David **saved** Saul in **private** warfare. *Vs 10*

- Private warfare may be secretive, unknown and unseen.

IV

Every war, enemy and **strategy** is not the same.

True leaders discern the difference between personal relationships.

True leaders discern the difference between public relationships.

True leaders discern the difference between private relationships.

- *Servant leaders choose their fights **wisely**.*
- *Servant leaders don't **jump** into every fight.*
- *Servant leaders seek God for a response in the battle.*
