

**Justice!**  
**Lift Up the Community!**  
**We want Justice!**

He guards the paths of justice, and preserves the way of His saints.  
*Proverbs 2:8*

Justice demands just, fair and equitable treatment for all.

Justice stands against classism, sexism and feminine bias.

Jesus want us to alleviate the pain of the community.

We need everyone to do the work of justice!

What is our just response to justice?

I

Justice

1) fairness. 2) moral rightness. 3) a scheme or system of law in which every person receives his/ her/ due from the system, including all rights, both natural and legal.

- Not only give me my rights
- Aggressively, make progress in establishing my rights

Justice will confront institutional evil.

Justice will seek and research for best practices and solutions.

Justice ask what systemic roots permit these community problems.

Justice will ask **why** do these conditions exist in our community.
